

AuthTokenAudit: Technical Cheatsheet & Architecture Guide

Niche: OAuth2, JWT vs PASETO & Passkey Security Architecture | Official URL:
<https://authtokenaudit.pages.dev>

1. Executive Summary & Core Methodology

This technical whitepaper provides production benchmarks, mathematical models, and operational guidelines for OAuth2, JWT vs PASETO & Passkey Security Architecture. Designed for engineers, quantitative analysts, and remote operators, all metrics are empirically verified and available as real-time, zero-tracking web utilities on [AuthTokenAudit](#).

2. Verified Engineering Modules & Deep-Dive Guides

Module / Research Guide	Direct Clickable Reference
